Conclusion: My family has had an enormous impact on the spending habits of young people.

- Abbreviations, and symbols: do not use & or I.A.
- Repeating words, especially at the beginning of sentences (use a synonym or change the sentence around)

**Using the APA:**

When you use other's ideas in your paper, you should credit them with an in-text citation. APA style uses a form of parenthetical referencing called the author-date system.

As the name author-date system implies, APA style in-text citations include the author and date, often both inside parentheses with the author names in running text, and the date in parentheses. Here are two examples:

**INTRO:**  
**Science question: Does physical activity improve your memory?**

Memory is important to humans. Memory is defined as something that is remembered, and it is like files in the filing cabinet or on your hard drive. We could not manage our lives without our short term and long term memories.

Memory loss can be caused by a lot of different things. Memory doesn't always work perfectly, but it is normal to forget stuff once in awhile. Memory decays with age because getting older makes it harder to retrieve memory files. Some common medical problems like depression, head injuries, thyroid problems and strokes can
